

## CAMBODIA 2019 · 2022

After Bangladesh, Brazil, Vietnam, Togo, and Madagascar, the next country that Lyreco For Education will support is Cambodia.

Since January 2019 and over 4 years, our 9,500 employees will take action to raise 1 million euros to directly support around 11,000 children and teenagers enrolled in 8 primary and 18 secondary schools in the regions of Ratana Kiri and Mondul Kiri in North-Eastern Cambodia

To ensure the developmen of this project Lyreco wor in partnership with the NGO CARE. To ensure the development of this project Lyreco works

# OUR OBJECTIVE

The objective of this new programme is to increase school enrolment and reduce school drop out rate by improving the quality of education and learning conditions, in particular for ethnical minorities.

#### OVER 9000 LYRECO EMPLOYEES COMMITTED TO EQUAL ACCESS TO EDUCATION

Committing all our employees to devote time to charitable operations is part of Lyreco company culture. Through the Lyreco For Education programme, Lyreco employees develop fund raising actions to give children living in poor conditions better access to education.

Internal events: breakfast stands, book sales, challenges and games

Specific "buy and give back" sales operations with the involvement of our customers suppliers

Individual donations by Lyreco employees

### MAIN RESULTS 2010.2019

0

\*Class rooms and school facilities built or renovated

The main goal of the Lyreco For Education programme is to increase child enrollment in the long term.
